6. What was good about the course? Which factors in particular supported your learning?

Number of respondents: 4

- The site visit was really a highlight, it was very interesting.
Some group works during classes; too bad there were so few of them.
- topics were interesting
- Good, discussion type of lectures.
- Lectures were really supportive but they should be improved more

7. What needed improvement on the course? Which factors complicated your learning?

Number of respondents: 5

- Many classes were boring, and home assignments were boring too: copying ten equations in the slides is not really interesting.
A research paper where you do nothing but read and write doesn't sound very motivating.
- Contents are needed to be more organized
All things were just listed.
- the last few lectures
- The course workload was a bit heavy. It was inside the ECTS measurement, but heavier than the workload of other courses. Also, the plan about how the work was planned to be divided among tasks (readings/review project/assignments) was unclear.
- The problem section should be really improved with solved examples and really need attention

8. Did the course fulfill your learning expectations? Was there any topic that you would have preferred to be included or excluded?

Number of respondents: 4

- I was not interested in freight matters and inventory management
- nothing special
- There was a little bit of everything, maybe little too many topics.
- I hope i was good. But the paper section should be replaced by som project related to industry so students learn from ewch other experience

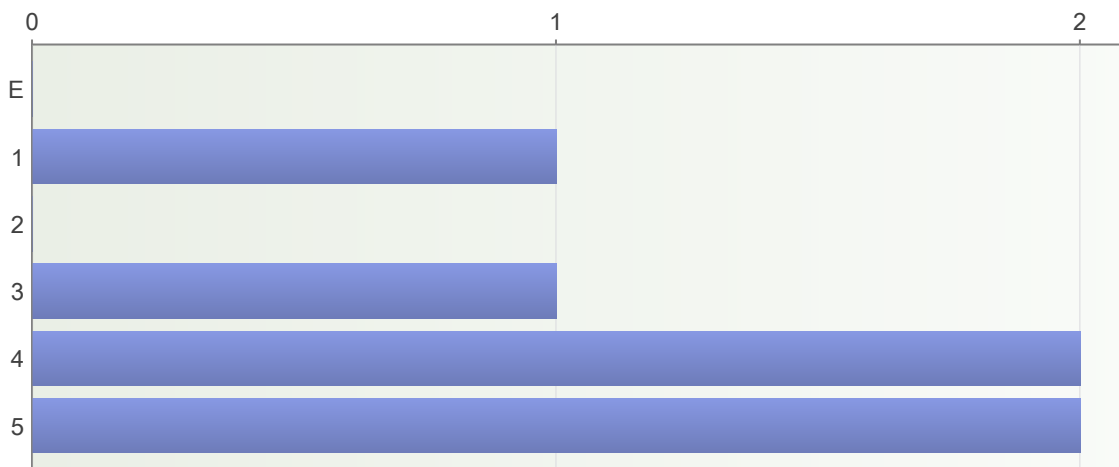

9. Have you attended the lectures regularly? Please explain the reason(s) why, in either case.

Number of respondents: 5

- I've attended most of them, although I found them boring, mainly because I had not many other courses in this period.
- actually, i couldn't attend regularly since i have some problems
- yes, because there were a lot of new info at every of them.
- Lectures were excellent. Work situation did not allow attendance to all lectures.
- Some of them i missed due to some personal reasons

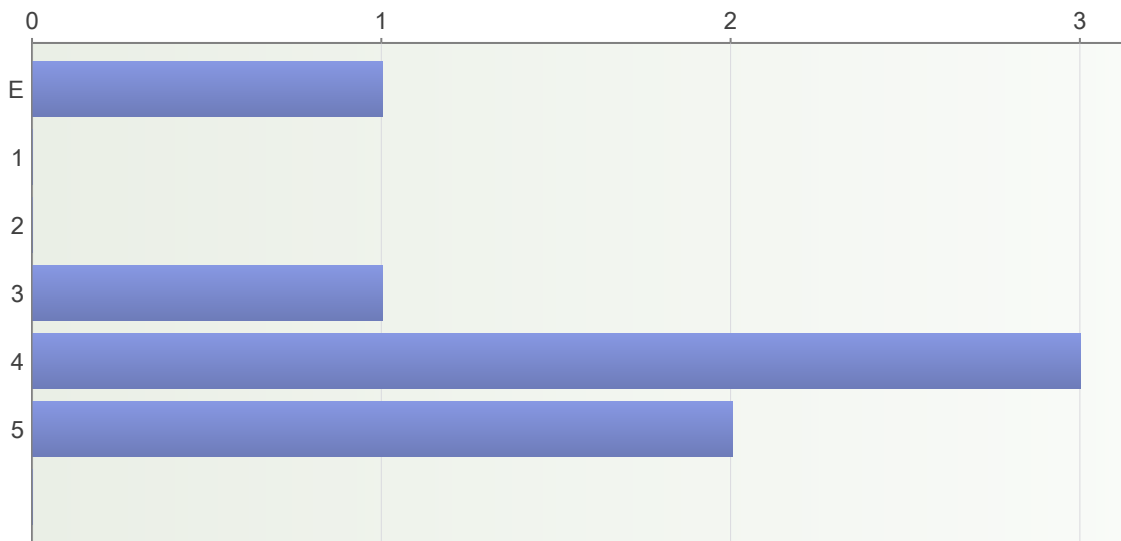

10. My assessment of the lectures E=Not applicable, 1=Poor, 2=Fair, 3=Satisfactory, 4=Good, 5=Very good

Number of respondents: 7

16. My assessment of the exam E=Not applicable, 1=Poor, 2=Fair, 3=Satisfactory, 4=Good, 5=Very good

Number of respondents: 7

17. Any other comments?

Number of respondents: 3

- nothing special
- Bachelor's Thesis:
 - 24 pages
 - Personal supervisor to assist in the writing process
 - Written in native language
 - No other mandatory tasks, besides the lectures
 - 10 credits

Urban Transport Systems research paper:

- 18–25 Pages
- Written in English
- On top of all the other mandatory tasks of the course
- 5 credits
- The material was too much from u.s. perspective. Euroopan viewpoint should be increased.

18. Do you allow the course teachers to see your feedback in case the number of replies is less than five? 1=Yes, 2=No
